SPECIFICATIONS

Overview

Horizon FD90

Please note that this listing represents a model specification for a new build and not an actual hull for sale. For more information on this model and build availability, please contact us*

Springing from the eye-catching FD87, the new Horizon FD90 retains many of the FD87’s unique features, including the expansive 23’3" beam, spacious on-deck Master with four guest staterooms and two crew cabins below deck, and stunning floor-to-ceiling windows in the salon. In place of the raised pilothouse in the FD87, the FD90 boasts a fully open or enclosed bridge with walk-around design creating an easy access between boat deck and forward seating areas on the port side. The FD90 also features a spacious beach club and swim platform aft, which provides a perfect spot for relaxing close to the water or enjoying watersports activities. Offered in open or enclosed (Skyline) bridge versions.

*Available in enclosed or open Flybridge and with or without Beach Club
