SPECIFICATIONS

Overview

This 26' Angler is well designed and built with a rugged fiberglass hull, foam for flotation, and a gelcoat finish. The twin Mercury 150s have very low hours and run well. With her deep-vee design she goes through all conditions of the water nicely. The neat and organized helm console houses gauges and electronics as well as a stowaway head. Her layout is terrific with a cushioned helm seating and stern bench seat and room forward for seating and gear. This boat comes with a trailer and offers speed, stability, and comfort on the water in sleek style.
