SPECIFICATIONS

Overview

This CSY is back on the market after rigging repairs do to Hurricane Ian. Her mast is at Mac Sails having just been refurbed: "All hardware removed, thoroughly cleaned and inspected. Replaced tangs and tang hardware. Mast stripped down to bare metal, primed and painted."The mast is scheduled to be delivered back to the vessel in late Sept. She can be purchased mast stepped or off the vessel as desired with price adjustment. The CSY's are well known for being seaworthy and strong. With overbuilt solid glass hull and decks, the CSY 44 will give you the confidence and ability to travel anywhere you want to go.CSY 44 stands for 44-foot Caribbean Sailing YachtCSY 44 was developed based on a desire to build a boat that was strong enough to be used as a charter boat.Her solid fiberglass hull and decks with no coring eliminates the concern of soft spots and delamination. A long keel with a cutaway fore foot and skeg hung rudder along with her shallow draft of 4 feet 10 inches makes her ideal for Florida, the Bahamas and long distance cruising.This CSY is in storage for the summer season. As you can see from the pictures the owner has his personal items still aboard which will not be included in sale.
