## Overview

---

New Price. This Whitby 42 is vintage Ted Brewer and was arguably his most commercially successful design. The strength of the Whitby 42 clearly lies in her accommodations. There are good-sized staterooms forward and aft, and both have large adjoining heads with showers. The "U" shaped galley is spacious and perfectly positioned to keep the cook out of the way of passengers and crew. In addition, there is a large saloon, comfortable navigation station and even a workbench along the passageway between the navigation station and after stateroom. The Whitby 42 is justifiably regarded as one of the most livable production boats to be found in this size range. These owners have cruised Ever After from the Chesapeake Bay to the Florida Keys and the Bahamas, several times during the last six years. She has always felt comfortable and safe, even in rough water. She's a very roomy and well designed boat with enough storage for a years worth of provisions. Family issues on the west coast are forcing a quick sale. This vessel needs some repair and updating before being able to navigate. All offers are presented. This is a "she has good bones" story. She has been around the world on her own bottom.

## Basic Information

---

**Category:** Center Cockpit

**Model Year:** 1974

**Year Built:** 1974
