SPECIFICATIONS

Overview

The Swan 78-007 'NINA II' has just been delivered in the summer of 2023. This is a unique opportunity to purchase one of these highly sought after models without the need for a two year wait.

All of Nautor's know-how and experience in racing and cruising yachts have been incorporated into this new blue-water Swan 78, a direct descendant of the original Swan 80 and 82 models of the past. She is slightly shorter overall – in order to meet the EC 24.00 metre length overall limitation – beamier and more powerful. The modern hull lines, including a wide stern above the waterline, twin rudders and racing oriented keel design, are a reflection of the rapid evolution of yacht design during the past years, propelled by the experiences made on round-the-world races and other offshore events. The new 78 is faster, safer, easier to control and, as a result, more comfortable at sea.

NINA II has generous accommodation for 10 guests and two crew. An owner forward cabin layout that is 4.5m long and three guest cabins all ensuite with separate shower compartments. The saloon is over 6m wide and raised to provide better panoramic views. The crew quarters are separate aft with an ensuite cabin and direct access to the galley.

Included in the price is a full sail inventory (North Sails 3Di), safety gear, and a Genius tender.
