SPECIFICATIONS

Overview

The 2008 37.8m PALMER JOHNSON 120 Motor Yacht is a splendid example of super yacht luxury, power, and sophistication blended with unrivalled craftsmanship from one of the world's most revered shipbuilders. As one of the shiniest stars of the yachting world, this spectacular motor yacht showcases timeless style aligned with striking performance and a vibrant aesthetic. Constructed by the prestigious shipbuilding company, Palmer Johnson, who is celebrated worldwide for their high-quality standards and engineering prowess, the 37.8m long yacht is a sight to behold. This 2008 model, with its masterful design and construction, boasts 120 feet of pure elegance and finesse. The steel hull beneath this beauty ensures high durability and necessitates minimum maintenance. The exterior design of the Palmer Johnson 120 is sleek and fluid, creating a thoroughly streamlined appeal that stretches from its bow to the stylish stern. The giant hull windows simply add more elegance to its profile, creating a seamless blend of performance and luxury. The yacht's decks have been created using high-quality teak wood, contributing to the configuration's rustic charm. Those on board may sunbathe on the sumptuous sun-deck, lounge in the strategically placed seating area on the aft deck, or enjoy a delectable dinner in the al fresco dining arrangement on the main deck — offering a fantastic seafaring experience. An exquisite interior greets the guests as they step inside the spacious salon, the first signs of the luxurious accommodation that the yacht offers. The main salon, furnished with contemporary furniture and intricate detailing, showcases the epitome of luxury. Exotic woods, plush carpets, refined textures and fabrics, along with modern facilities, create a chic atmosphere for guests. Large windows ensure a decent amount of natural light in the living area, giving the interior spaces a bright and airy outlook and offering panoramic views of the surroundings. The accommodation quarters of the 2008 37.8m PALMER JOHNSON 120 Motor Yacht can comfortably house up to 8 guests spread across four meticulously designed cabins. The configuration includes a grand master suite, a VIP stateroom, and two twin cabins. (Note the the 4th cabin can be used as an office or a media room by simply converting the bed to a couch. All the cabins feature ensuite facilities, delicate mood lighting, and luxurious furnishings in line with the rest of the yacht. The master ensuite boasts a king-sized bed, a private study, walk-in wardrobe and a lavish bathroom with topnotch fittings. The VIP stateroom is almost as spacious as the master suite, thoughtfully designed with remarkable fittings and fixtures. The 2008 37.8m PALMER JOHNSON 120 Motor Yacht also has accommodation amenities for crew members, ensuring swift and professional service to enhance the overall yachting experience for the guests on board. In terms of performance, the Palmer Johnson 120 is powered by two MTU 16V 2000 M91 engines, generating 4000 horsepower each. With a sturdy design and powerful engine, the Palmer Johnson 120 provides a top speed of about 28 knots. This combination of horsepower and cutting-edge propulsion ensures a smooth and memorable yachting experience, regardless of sea conditions. The yacht is equipped with advanced navigation tools, ensuring safe and straightforward voyages. The presence of advanced audio-visual entertainment systems, an up-to-date galley, and modern safety measures show that the 2008 37.8m PALMER JOHNSON 120 Motor Yacht values comfort and safety as much as it values luxury and design. In conclusion, the

2008 37.8m PALMER JOHNSON 120 Motor Yacht is not just a vessel; it is a lifestyle symbol. Its extraordinary design, advanced technology, and extravagant indoor and outdoor living spaces make it a standout choice for anyone who desires extraordinary seafaring experiences. Each journey aboard this chic and stylish yacht guarantees unforgettable moments of pleasure and serenity.
