SPECIFICATIONS

Overview

SAVANNAH motor yacht raised the bar and continues to be a reference yacht when it comes to lifestyle, design, and technology.

The world's first electro-mechanic superyacht combined with a battery bank of over 1 megawatt, the luxury superyacht SAVANNAH's efficient hull and propulsion set-up provide fuel savings of 30 per cent compared to conventional yachts in her class.

Exterior Design & Engineering

A true trailblazer, SAVANNAH yacht is a multi-award-winning 83.50m Feadship flagship.

She is the world's largest metallic object: her clean lines are enhanced by walls of glass, which wrap around the decks, while an aft-deck pool with steps cascading down to an oversized swim platform speak volumes about her luxury credentials.

The SAVANNAH yacht owner has consistently maintained her since her 2015 launch, with a full repaint in 2020 and numerous other upgrades, and today she is one of the most sought-after yachts on the charter market.

Her efficient hull and electric-diesel hybrid propulsion provides greener and quieter cruising for the eco-conscious. She has a maximum speed of 17 knots and cruises at 14 knots.

Amenities

SAVANNAH yacht has some of the most outstanding amenities of any yacht on the water.

The nine-metre pool on her aft deck, flanked by daybeds and a huge sofa, offers sensational views, and connects effortlessly to her chic main salon via curved sliding doors to create one large, glamorous entertaining space. Meanwhile, her partially submerged 'Nemo' underwater lounge is the first of its kind and is fantastic for wildlife expeditions.

Elsewhere, the new SAVANNAH yacht owner will doubtlessly find the touch-and-go helipad a welcome addition for smooth arrivals and departures, while the statement elevator makes her accessible for all. A gym, spa and Hammam, and DJ station on the sun deck complete the luxury package.

Interior Design

Thanks to her peerless use of glass, SAVANNAH yacht ensures soothing views wherever you are on the yacht and her interiors by Cristina Gherardi Bernadeau and Marcello Bozzarelli of CG Design show what can be achieved when designers are allowed to reimagine yacht spaces, with curved rooms and cabins replacing the more typical straight walls to create a sophisticated,

cocooned feel.

Dark rosewood floors, silk curtains, polished columns, and a metallic finish throughout create an opulent ambience that is unsurpassed. SAVANNAH yacht can accommodate 12 guests across six cabins, with a VIP, two doubles and two convertible cabins making up the five beautiful cabins forward on the main deck. Above, the Owner's deck is a showstopper, with a huge skylight above the bed, and a dining room, salon, office, large marble bathroom and dressing area providing an exclusive enclave, while outside there is a private terrace and helipad.

Toys & Tenders

SAVANNAH yacht for sale comes with both a 9.5m limousine tender and a 9.5m sport tender. It's hard to imagine a more exhaustive toy collection, with Seadoos, Seabobs, electric surfboards, two laser sailboats, SUPs, Efoils, kayaks, specialised Roubaix bikes, diving and snorkelling gear, a water slide, towables, and more to play with. There's even an onboard basketball court and golf driving range.
