# SPECIFICATIONS

---

## Overview

---

Morgan 70 "Blade Runner" combines the classic styling of eye-catching 1950s lines with modern, state-of-the-art construction.

Her hull, in vacuum-moulded composite, ensures maximum strength with a weight of just 33 tonnes. Propeller tunnels reduce the draft to 1.39 m and provide excellent anchor stability.

A deep "V" hull at the bow gives smooth sailing and guarantees excellent performance even in rough seas.

Twin Caterpillar 1.018 hp engines allow the vessel to reach a maximum speed of 32 Knots while maintaining comfortable and silent navigation and moderate consumption.

## Basic Information

---
