SPECIFICATIONS

Overview

The Southerly 42 features the highly developed Swing Keel which gives the freedom and versatility to sail in almost any waters. With the keel lowered (8' 11"), the deep draft makes for fast, serious cruising. At the 'touch of a button' the keel can be raised to give a shallow draft of just 2' 9" – perfect for shallow water exploring. When the Southerly 42RST was first developed, Humphreys Design commissioned a fast, modern hull for good performance, with the stability and comfort for cruising. Deck styling and a sociable cockpit layout with twin helm positions, designed by Stephen Jones, created one of the most comfortable and easy to sail cruising yachts available. With excellent build quality and exquisite interiors, Ocean Shipyard have brought a wealth of knowledge and practical design to the Southerly range. The time is now right to revitalize the Southerly Yachts brand and what better way to launch than with the 42. The Southerly 42 is built to order by Ocean Shipyard Limited in the UK. The Southerly (variable draft) range includes the Southerly 42 and Southerly 48
