## Overview

---

ALISIO translates to Tradewind and has been sailed most of her life on the Chesapeake Bay where her two owners have taken meticulous care of her. She is one of only two Caliber 35 LRC SE's built. "SE" stands for Simple Elegance. This means that you can be assured that this Caliber was built with a modern electrical system, lush cabin appointments, exceptional safety features and excellent sailing qualities. The current owners have also treated Alisios to a number of upgrades including offshore Tri-Radial sails, AIS transceiver, and the latest electronics. She is large enough to be comfortable and seaworthy, but small enough for offshore or single-handed sailing. The current owner has spent about 85% of his sailing time on Alisios single-handed. If you would like to view more photos, we can supply!
