SPECIFICATIONS

Overview

Are you looking for the boat that you and your family can go out for the day or a weekend on and feel safe and stable, look no further! Besides being fast to get you where you are going fast she is also stable in chop with her deep V. I know you might think that getting to the good fishing spot might be hard have no worries, she only draws 2 feet. When you want to relax for lunch a day at the beach, or spend the night on the hook there are no worries. There is a berth in the bow, as well as a head, a microwave, sink and fridge. And if you want to relax with a movie that is covered as well with a TV/DVD player mounted on the bulkhead. As well as a two zone Fusion Bluetooth sound system. If you are out after dark there are still no worries with LED cockpit lights and radar. The current owner has taken immaculate care of her and maintained professionally.
