## Overview

---

Have you ever spent time on a Pontoon? Then you know when I say, you have experienced one of the best days on the water. If you have not, let me tell you over the past few years Pontoons have change dramatically. The 23 Vectra by Prinecraft provides the most amount of space and seating for all your guests. Call all your friends, get the kids ready, pack the coolers and head out to your favorite anchor hole. Tune your radio to some beach music, lower the swim ladder and open the bow gate. Now is the time to sit back and watch the kids jump off the front of the boat and swim back to the ladder, and then run as fast as they can off the front of the boat, again! They could do this all day, which good because you have all day to spend on the water.

## Basic Information

---
