SPECIFICATIONS

Overview

Aloha manufactures quality pontoons and tri-toons. They have been family owned and operated since 1960 in North Little Rock, Arkansas. They developed Triple Tunnel Technology, adding full length lifting strakes to the inside port and starboard tubes and on both sides of the center tube. The strakes turn spray downward, creating extra lift. The tubes are .100 guage, 26" in diameter and are foam filled for flotation.

The 200hp Mercury XL outboard has less than 10 hours. There is no trailer included, but we are dealers for Magic-Tilt and we can supply a trailer. Call today to arrange a showing on this great boat!!
