Overview

2022 Sunreef 80 sailing

The most well equipped Sunreef 80 ever built. This is the owner's second new build. He thought through every possible detail. To give you an example, out of over 80 of the new line of Sunreef Sail boats, this is the only one ever built with the custom toy garage and aft main deck sunpads. He took the best ideas from each of the Sunreef models and brought them together on this beautiful yacht. He is only selling to upgrade to a 100 sail. The yacht generated \$800k+ in charter revenue in just half a season. The brand carries a tremendous reputation with stellar 5* reviews and testimonials. This is the perfect vessel for anyone looking for the tax depreciation in 2023 with a plug and play charter business while addressing everything you would want as a long term live-aboard.
