SPECIFICATIONS

Overview

TOUCH was launched in 2004 and was built by the Louisbourg shipyard. She has been meticulously maintained through the years and was recently refitted in 2022, including a full repaint of the superstructure among many other improvements.

Her luxurious interior is the essence of luxury and comfort, every detail has been meticulously designed, from the marble flooring, hand-blown glass, gilding, and mahogany trim to every fixture and accent.

TOUCH sleeps up to eight guests in four lavish cabins. A separate owner's deck features a beautiful Lalique statement wall and is complete with a luxurious master suite, a large ensuite with soaking tub, and private deck fitted with a comfortable settee and two tables.

Three stylish staterooms are located around an elegant foyer on the lower deck and are finished with a mosaic tile floor and an artisan-crafted glass-lit wall. In each cabin, guests will find a king-sized bed, Swarovski crystal accents, and unique one-of-a-kind ensuite baths.

On the main deck, her sophisticated main saloon is a versatile space for pre-dinner cocktails at the bar, watching a movie, or indulging in a little karaoke. Her formal dining room offers a delightful area to enjoy a culinary experience.

TOUCH offers impressive leisure and entertainment facilities and is well suited for socializing events. Boasting three spacious decks, the main deck offers the most appealing spot to relax with a large eight-person Jacuzzi, surrounded by plush sun pads. The sundeck hosts a large sun lounging area and covered bar that is perfect for fun in the sun, a party, or just simply relaxing. Additional lounge seating can be found on the foredeck.
