Overview

A forest, a lake or a coastline are never quite quiet. The reason why you seldom listen to them is your motor. But no such thing as disturbing noise will come out of a FaroBoat. You will quietly sail through the sounds you really want to hear. Every detail on a Faro boat matters. The quality of each material, from the top deck to the last bulkhead, is paramount to the quality of your experience. We don't manufacture boats, we handcraft them one by one - it shows, and you feel it in your unique boat.
