## Overview

---

SAY Carbon has created an avant-garde yachting experience for those that want to explore the feeling of low emission boating with uncompromised design and performance that is engineered and manufactured in Germany by innovative German sports car designers. The result is high user friendliness and innovative technology. A unique hydrodynamic wave cutting bow for comfortable and dry handling even in rough conditions. The stable side wings guarantee maximum stability even at incredible cornering speeds and light weight carbon hull for breathtaking accelerations to 50 knots in seconds.
