SPECIFICATIONS

Overview

Tiger Eyes is an elegant 42' single engine Down East style motor yacht constructed with fiberglass and closed cell PVC foam core. Metal mesh reinforcement is in the outer layer of fiberglass to provide puncture resistance. The hull design provides excellent seakeeping and performance. Having a side door at the helm and at the opposing side are great for docking and easy access to the decking areas while cruising. It is also great for ventilation. Operationally, the comfortable Stidd chairs at the helm and navigational station provide extra security and comfort underway. The helm is complete with up-to-date electronics and controls. The yacht shows well with its elegant cherry interior beautifully maintained. It has an extended hardtop over the cockpit. She is elegant inside and designed for a single couple transit and living with an overly generous down galley and head that contains a tub/shower. No need to wet the entire head area when showering or bathing.
