## Overview

---

The award-winning 115-foot (35.2m) Nautor's Swan yacht SHAMANNA's name means "bringing joy" and that is exactly what you'll experience when sailing aboard.

She is a flush-deck version of the Swan 115. She features a timeless design and core heritage of Swan with a level of comfort and performance expected of her pedigreed builder.

Her new hull shape was designed by German Frers with a plumb bow, wide stern and twin rudders, which increase responsiveness and puts a priority on high-performance. The yacht's tasteful Scandinavian-style interior provides a fresh and contemporary atmosphere.

The traditional teak interior was hand built by Nautor's expert craftsmen with a light oil/wax satin finish and modern details throughout. SHAMANNA retractable keel needs a keel box, which is found in the salon and was used very cleverly to the designer's advantage. The final design result is stunningly natural. Dining is starboard, adjacent to the entrance to the galley; to port, tranquility and abundance of light are found through the hull windows and down the companion way.

Up to ten guests are accommodated in four staterooms. All cabins have hull windows and en-suite facilities.

SHAMANNA unabashedly offers excellence before opulence and quality before quantity. She is an exquisite challenge for people with the difficult choice between class and more class. Whether you want to race around the cans or cruise around the world, this superyacht will rise to the occasion.
