SPECIFICATIONS

Overview

PRICE REDUCED, NOW OFFERED AT \$16,500.00. WINTER STORAGE AT CHESTER BOAT BASIN ALONG WITH DINGHY AND ELECTRIC OUTBOARD INCLUDED IN THE ASKING PRICE!!! The dimensions of the Cal 28 are generous to accommodate a livable interior, but were arrived at to insure good sailing performance. The Cal 28 is a performance cruiser promising owner satisfaction at the club racing level, day sailing or on a weekend get away. The generous beam of 10'3" assures stability as well as providing room below and generously wide decks. The beam narrows at the waterline to lessen wetted surface while still offering initial stability. The sail-plan shows a performance-oriented double spreader rig on a substantial mast with its upper section tapered for lighter weight aloft and better sail-shape. There are fore and aft lower shrouds to reduce mast pumping and eliminate the need for a baby-stay. The Cal 28 is a quiet blend of traditional and contemporary designs and materials. CHIKARA is a very fine example of this very popular model, always maintained to the highest standards. She is in the water and ready for fun and adventures with family and friends. You will not be disappointed upon an inspection of CKIKARA and we highly recommend her with confidence. Please click on Full Specs for complete details. Thank you for your time and consideration.

CAL 28
the best interior ever in this size boat.

The design trend for boats in the 28-32 ft range is to make the very smallest size in CAL, but the boats in this range are all far from ordinary. They are designed to be the most comfortable, most enjoyable and most functional boats in the world. The CAL 28 is a perfect example of this trend. It is a boat that is designed to be the most comfortable, most enjoyable and most functional boat in the world. It is a boat that is designed to be the most comfortable, most enjoyable and most functional boat in the world.
