SPECIFICATIONS

Overview

2005 Luhrs Custom 29

Twin Mercury Verados 275hp - 700 hours Custom built for the president of Luhrs, this is truly a one-of-a-kind boat. With an 11' 6" beam and twin low-hour 275 Mercury Verados on a factory-installed bracket, this boat was built ahead of its time and offers unique value compared to other boats at this price level. A davit crane lifts a 10' dinghy onto the hard top, all new professionally installed Garmin electronics (chartplotter, radar, w/ integrated auto-pilot), newly added aquatractor, upholstery (in and out), new helm seat, recently upgraded backlit helm switches (from NewWire Marine), nothing has been spared both aesthetically and by way of service from the local legends at Island Marine in Kittery, ME.
