Overview

Commercial 110 Fireboat Appears to be fully operational

For Sale by Waterline Boats Seattle

Benefit from an immersive experience, featuring 6 Virtual Tours, 2 Video, and 156 photos, along with comprehensive specs and expert broker's commentary. All of this is available for the Commercial Fireboat - Contact our Waterline Boats Broker!

Boat REF# · 320432 Length · 110'0" Year · 1989 Construction · Steel Underwater profile · Full-Displacement Engine · 2 x diesel 1200hp, Detroit Diesel 16V92, Turbocharged (unknown year) Lying · Seattle, WA USA - By Appointment Broker's Comments: This Commercial Fire Boat appears to be fully operational, with the exception of fire fighting pumps which have yet to be tested following its recent launching after extensive detail in a local boat yard. The engines are very low hours and all of the vast array of machinery appears clean and serviceable. All of the surfaces are well painted and make a positive first impression. The owners' intended purpose has changed and they no longer have plans for their use of this boat. This after months of preparation for use in the Aleutian Islands! Note again that the fire pumps have not been currently operated or tested. This boat is a very good candidate for commercial conversion for charter work, whale watching, marine research or continued work as a fire boat.
