Easy to move around the deck and comfortable handling by a single person. The interior is clean, sharp, and accommodating with ample seating, a forward berth and quarter berth, with a large saloon table for family and friends. My favorite is the inside helm, able to navigate in all weather staying dry and comfortable.The Gulf 29 is a fiberglass recreational keelboat, with wood trim. She has a masthead sloop rig, a raked stem, a reverse transom, and an internally mounted spade-type rudder controlled by two wheels, one in the cockpit and one in the wheelhouse, and a fixed fin keel.
