## Overview

---

DAYA represents one of the finest examples of the famed 105' Mangusta model, a marvel engineered in Italy by the prestige-churning shipyard Overmarine in 2007.

An exceptional find within the 105' Mangusta collection, DAYA stands out prominently.

Between the years 2022 and 2023, she underwent a comprehensive refit touching both cosmetic and mechanical aspects, thereby resulting in an impressively refurbished state of optimal condition, essentially ready for immediate use.

Equipped with two less frequently used MTU series 2000 M93 engines, DAYA can hit a maximum speed of 33kn and comfortably cruise at 28kn, offering a max range of approximately 700 nautical miles while cruising at 18kn.

Carefully designed to comfortably house 10 guests across four en-suite staterooms, she also accommodates a crew of four.

With a gross tonnage of 134GT, she provides an impressively large and comfortable living area within.

The powerful and sporty design of DAYA, expertly executed by Stefano Righini, captures the impressive performance potential of the yacht. Simultaneously, the interiors boast more space than what one may typically expect from an "open" yacht of similar dimensions. The Mangusta 105 model is one of Overmarine's most popular creations, marked by its expansive interior space and a dual salon layout, which alongside a gigantic deck area, makes her an ideal yacht for enjoying quality time with loved ones.
