SPECIFICATIONS

Overview

The contemporary yet timelessly elegant 18-meter hull profile of the Oceanis Yacht 60 definitely echoes that of its 54-foot sister. A subtle interplay of proportions and a gentle reverse sheer create the kind of space you typically find on a 62-footer while retaining an elegant design and excellent sea-keeping abilities. These unique features result in a true bluewater yacht that offers outstanding performance yet is easy to short-hand. The huge cockpit offers safe, free-flowing movement throughout. Wide side-decks run round the helm stations and offer obstacle-free circulation to the foredeck. This unique layout reinvents the central cockpit concept. And since cruising goes hand in hand with anchorages the large bathing platform provides access to the tender garage, a must for a boat this size, capable of housing a 2.8 m jet-propelled tender. A system with double wires and guiding rollers makes for effortless launching and retrieval, promising active stopovers and lots of fun. Available in a 3-cabin version with 3 heads, the Oceanis Yacht 60 comes with two different finishes: walnut as standard and light oak as an option. The craftsmen at BENETEAU, true to their long cabinetmaking tradition, devoted particular attention to the woodwork. Many molded wood features blend harmoniously with large lacquered white surfaces and are matched with exclusive upholstery. With a clean design, optimized layout, and top-quality fittings, the new Oceanis Yacht 60 is a clear step in pursuit of excellence.
