SPECIFICATIONS

Overview

The Oceanis 46.1 offers a true balance between elegance, performance, and comfort. Her stepped hull adds massive amounts of volume below with no compromise to seakeeping abilities. Her deck and cockpit layout make her an easy boat to sail doublehanded. Apart from her performance at sea and the huge amount of space that set this boat apart, this architecture makes optimal use of the cockpit beam. An incredibly efficient deck plan makes her wonderfully safe and easy to use. Maneuvering is simple when sailing short-handed, thanks to the furling mast, self-tacking jib, and all the halyards and sheets which are brought back to a single winch at each of the helm stations.

Basic Information

Category: Cruising Sailboat

Model Year: 2023

Year Built: 2023

Country: United States
