SPECIFICATIONS

Overview

Following in the wake of her elder sister the Oceanis 46.1, this 40-foot cruiser, with a new hull design by Marc Lombard, offers unrivalled deck volume and interior space, with zero concessions to performance. The Oceanis 40.1 is available in different layouts, drafts and rig options, adapting to the most demanding sailor's cruising requirements and satisfying their need for comfort and pleasure under sail. How can you enjoy life at anchor as much as while sailing? With the innovative flared hull design of the Oceanis 40.1, BENETEAU has broken new ground but made no concessions. The result is a hull that has true speed potential and is stiff under sail. Above the waterline, her deck plan and ultra-spacious interior by Nauta Design is unheard of on a boat this size. You cannot help feeling that you are aboard a 45 foot cruiser! With a white oak ambiance, the styling of the interior by Italian designers Nauta, is remarkably bright and excels in the skillful arrangement of the living spaces. She has 2 spacious cabins and a dedicated workshop. The C-shaped galley to the starboard offers an abundance of storage and a spacious countertop. On the port side, there is a large salon with a table complete with a removable bench, and a chart table at the foot of the companionway provides ample working space. Everything is modular, so that everyone can live the way they want and enjoy sailing wherever the wind takes them. The philosophy of the Oceanis 40.1 is to make sailing and mooring pleasurable. The strengths of this cruiser, studied in detail by the architect Marc Lombard and the BENETEAU design office, are unrivalled interior space, a huge deck plan and the ability to clock up miles when you are cruising.

Basic Information
