## Overview

---

This 131-foot (40-meter) Sunseeker is a standout yacht, built in 2010, and she has been recently serviced & maintained. This luxury superyacht is ideally suited for large families or those looking to entertain in style. Each deck has ample space and volume ideal for entertaining, allowing guests to easily gather while aboard.

She boasts a unique sky deck arrangement with lounging spaces and a stunning barbecue area for al fresco dining. In addition, private retreats can be found throughout the yacht for those in search of tranquillity. Her layout makes her ideal for an owner interested in a yacht with serious charter potential, as she is the only Sunseeker offering 7 guest cabins WITH a sky lounge area. Other key features of this luxury superyacht are the drop-down balconies and the hydraulic platform.

Her stunning interior showcases modern elegance. The inner dining area was relocated to a private dining room on the top deck, creating a significantly bigger than standard main saloon with additional space created by port and starboard balconies. The master suite sits on the main deck while two doubles and four twins are located below, all complete with ensuite bathroom facilities.
