Overview

****Financing Available****Excited to offer the Skeeter SX 230: Redefining Excellence in Bay Fishing. In an industry often characterized by boats attempting to fulfill a multitude of roles, Skeeter boldly stands apart by offering a purpose-built "Bay Boat" meticulously designed with the discerning angler in mind. The Skeeter SX 230 embodies the quintessential concept of what a genuine Bay boat should be. Its engineering is dedicated to empowering shallow backwater and near coastal anglers, enabling them to extend their reach across open waters while excelling in shallow water performance. A true bay boat addresses the unique demands of shallow water specialists, effectively surmounting challenges that typically confront smaller shallow water poling skiffs. The SX 230 delivers extended range, instilling confidence in navigating rougher open waters. Furthermore, its generously proportioned deck provides abundant space for multiple anglers, along with increased capacity for insulated storage and an ample supply of live bait. A standout feature, enhancing comfort without compromising the vessel's primary fishing function, is its expanded size. This allows for the inclusion of comfortable seating beneath a shade top. Even with the optional full-sized hard top, this 23-foot vessel seamlessly preserves its exceptional fishability. It is imperative to emphasize that this craft is meticulously designed as a fishing platform first and foremost. Anglers will undoubtedly appreciate the considerate amenities, including a standard 30-gallon live/release well strategically positioned in the center deck aft. Additionally, an insulated 20-gallon well cleverly integrated into the forward console seat serves dual purposes as both a drink cooler and bait storage. For those committed to live baiting, an optional helm station rocket launcher leaning post is available, accommodating either a drink cooler or an impressive 42-gallon live well. The Skeeter SX 230 transcends being a mere vessel; it embodies a commitment to enhancing your bay fishing experience to unparalleled heights. For in-depth information or to further explore the exceptional capabilities of this craft, please do not hesitate to contact us. Your next angling expedition awaits, defined by excellence.
