SPECIFICATIONS

Overview

The Cantieri di Pisa, 80 VELOCE is currently under construction and available for sale. Her carbon hull and superstructure are joined and technical installations are moving forward. She is just six months away from being delivered and now it is still possible to choose between several layout options and fully customize her.

The 80 VELOCE is a light fast planning yacht, her lightweight is only 48 tons and she will cruise at approximately 50 knots, with a top speed of 60 knots thanks to her triple MAN 2000 v12 engines. Her 1.3 draft makes her ideal for cruising in shallow waters.

Built under CE rules and under the supervision of RINA class.
