Boat REF# · 327455 Length · 23'0" Year · 2021 Construction · GRP Underwater profile · Planing Engine · 1 x gasoline 300hp, Volvo Penta V8 Gen V 1.66 SX 300 (2021) Lying · Seattle, WA USA - At Our Docks! Broker's Comments: With just under 65 engine hours this is a great low-hour example of Chaparral's superior quality, powerful sport boats. Boasting the upgraded Volvo-Penta V8 300 motor and outdrive package she is the fastest SSi offered with speeds reported by the owner exceeding 50+ MPH. She is sleek, attractive, and has all the features one would expect, and more, out of a great family open bow power boat. She comes with a like-new trailer that has been maintained and taken care of. The 230 SSi looks great on her while being easily towed down the road by any modern day SUV or truck. She is on the market today and ready to be taken away by her next new owners at the turn of the key and a twist of the throttle.
