SPECIFICATIONS

Overview

SAIL MAGAZINE'S "BEST BOAT" 2017 WINNER! The Elan E4 has once again consolidated Elan's reputation as a builder of exciting performance-cruising sailing yachts, where neither performance, nor the cruising capabilities are left to compromise. In addition to her elegant and sporty design, she features integrated toerails and flush hatches on the coachroof as well as new rotating plotter pods on the steering consoles, for total control over the elements. Her wide transom, twin rudder arrangement and chined hull deliver excellent control even at high heel angles. Her T-shaped keel ensures a lower center of gravity and improved righting moment, which in turn allows for a lighter displacement than would otherwise be possible. The end result provides an exhilarating sailing performance, which one would usually expect only to find on much bigger boats. Maybe the best feature yet is how effortless she is to sail, even in challenging conditions. Contact us for more details and to discuss the numerous options available! You can ORDER this boat today. Images are manufacturer provided and not of a boat in-stock.
