## Overview

---

The Luders 24 is one of the many successful class boats built and designed by Bill Luders in Stamford CT. Originally designed for the Fishers Island Yacht Club for one-design racing for their junior sailors and instead of designing the prototypical “chunky little boat” they delivered a hull inspired by the meter boats of the International Rule. Constructed in their famous hot molded method, the hull is stable, stiff and strong but with the look and aesthetics loved by classic yacht enthusiasts.

## Basic Information

---
