SPECIFICATIONS

Overview

The 440 Trojan Express exemplifies the solid, quality reputation that Trojan developed over many years. In this model, the designers fully utilized the wide beam and high bow to maximize the interior layout with three full cabins and two heads, still leaving a generous central common dining and socializing area and full length convertible galley area.

The current owners have added many custom ergonomic and storage enhancements to the boat, providing such things as automatic lighting when opening cabinet doors, in addition to enhanced storage areas and customized TV mounts. This particular hull has a rare bow thruster in place. (see photo) The upper deck has been developed basically as an expanded living area with recent addition of a high quality hard top with custom aluminum welded supports.

This top incorporates lighting and additional speakers and provides for wire chases for future additions, while supporting navigational aids on top. Drop curtains all the way around, which are in excellent condition provides a full enclosure. This has also served to protect cushions and instruments.

The Cummins 450 HP engines have extremely low total hours at 790. Generator recently replaced 9KW, 171 Total Hours.

Basic Information

Category: cruiser

Sub Category: Express

Model Year: 1999

Year Built: 1999

Country: United States

Dimensions

LOA: 44' 7" (13.59mm)
