SPECIFICATIONS

Overview

The flagship of the Cutwater fleet of fast, efficient family cruisers brings onboard livability, luxury and convenience to a whole new level... and adds more than a few unexpected innovations. With its generous 10-foot beam, the hull provides plenty of volume for stretch-out comfort on deck and below, and our trademark Stepped Keel hull design places the engine lower than conventional hull forms allow, to ensure exceptional stability, as well as extra headroom in all living spaces. The aft cockpit features an ingenious convertible seating arrangement, including side bench seats that fold outward from each hullside to accommodate four adults without taking up cockpit space; another double seat, built into the transom, may be adjusted to face forward or aft.
