## Обзор

When it comes to the best builders out there, "Garlington" is always at the top of the list. Since the 1980's the company has lived by the slogan "Under constant refinement". Since the earlier days of the 61's and 44's Garlington has been the manufacturer most builders try to emulate. Deciding to go with Garlington to build this 49' Express walkaround was an easy decision for this original owner. Through many years, and multiple other custom boats this owner knew that Garlington could handle the job and meet his discerning taste. After nearly (3) years, "Perfection" was born and has been another example of the quality Garlington produces. This 49' walk-around is one of the most efficient custom boats on the water today, utilizing the most stout IPS system combined with weight-saving techniques such as a carbon fiber superstructure allowing for a staggering performance of 30+ knots at just 48 gallons an hour! Every detail was thought of and will certainly meet anyone's expectations. "Perfection" is just that, a truly one-of-a-kind extremely well-maintained Garlington 49 walk-around. Call today to schedule a private showing by appointment only.
