SPECIFICATIONS

Overview

Exemplifying the latest in our exceptional design capabilities, the Manhattan 55 has been meticulously designed to enhance comfort and cruising whilst providing owners with a vast array of social spaces – usually only seen in larger yachts. The exterior styling incorporates extensive curved glass and stainless-steel detailing to emphasise its prowess. With the option to add bar stools, the galley appears to extend onto the main deck, creating a seamless transition from indoors to out. The Manhattan 55 has a considered interior designed to provide owners with unparalleled flexibility.

The Manhattan 55 enables its owner to enjoy ample space afforded by its open layout, showcasing the wonderfully well-equipped bathing platform and Beach Club. This area offers an inviting space for family and friends to enjoy the optional built-in barbeque, overhead shower and fold-down transom seating. Powered by Volvo Penta D13-800 engines, the Manhattan 55 can cruise comfortably at 25 knots with a range of 250 nautical miles or achieve in excess of 30 knots at full throttle.

Viewings are encouraged and will not disappoint.
