SPECIFICATIONS

Overview

The Explorer of the StellarCAT fleet. This model is truly capable of world expeditions. With enormous volume, supreme metal strength and the reassurance of a Lloyds certified hull this strong rugged little ship will tackle challenging conditions with ease. Extraordinary high (read safe) visibility for a 25m yacht.

The AL2503 offers big living spaces and plenty of them. With her near 12m beam the main deck internal area is dominated by an imposing 59m² salon offering a naturally light open and airy arrangement with generous ceiling heights and a variety of optional internal layouts available.

Despite its size the AL2503 is designed to be easily operated with a minimal crew. Designed and tested for supreme safety, stability, comfort at sea and seaworthiness, maximum speeds from 19 knots to 24 knots and ranges from 1700 nm to 2700 nm are achieved depending on the engine configuration chosen. Optional increased fuel capacity is offered for a longer range version.

Basic Information

Category: Catamaran

Model Year: 2025

Year Built: 2025

Country: United States

Dimensions
