SPECIFICATIONS

Overview

This spectacular C4000 Mystic was the show stopper at the annual Poker Run event. She looks like something from a James Bond Movie, and with a cruising speed of 100mph she probably should be featured in one. The C4000 has the reputation for being the most comfortable rough water ride of any outboard catamaran on the market and you don't need to be a professional racer to drive her. She is in exceptional shape by her fastidious owner and is kept covered and out of the water when not in use.

In this C4000 Mystic Powerboats has delivered a full carbon fiber hull and offers the rare combination of racing speed and luxury. The comfortable interior consists of 6 forward facing and two rear facing seats that still look brand new. The low positioning allows for a surprising amount of shelter from the wind as the boat glides along. The soft sea decking compliments the boat very well and also provides safe transit through the seating area.

There are large storage compartments around the boat for lines and fenders
