# SPECIFICATIONS

---

## Overview

---

The Leader 12.5 features a new and unique hull with infusion technology. Stringers and the hull are molded into one piece providing more fiberglass and less resin. With 21 degrees of dead rise at the transom, the deep-V hull design has a sharp entry, two lifting strakes, and a spray-reducing chine that extends the full length of the hull, providing predictable handling and exceptional comfort across a wide range of conditions.
