SPECIFICATIONS

Overview

Premium Day Boating is here with Jeanneau's DB line. For those of us that appreciate all the amenities found in the Jeanneau DB (Dayboat) series, we present the DB37. The Jeanneau DB 37 has most of the features found in its big sister the DB43, but just a little bit smaller. This 37-footer feels big - and just as with its larger sistership, even though it is called a Day Boat, the Jeanneau DB37 is fully capable of longer multi-day voyages. The highly sought-after Jeanneau driving dynamics are also certainly present. The helm features two chart plotters, two AC vents for those hot days, three luxurious seats, a foot brace, and a long list of equipment that complements this Jeanneau quite well. The Jeanneau DB 37 is powered by twin outboard engines with 2x400 HP, promising impressive top speeds. Not bad for a luxury overnight capable day boat. The interior is as expected, Jeanneau Luxurious with ample in-set lighting as well as natural light and portholes that open for those pleasant temperature days. The spacious master cabin also features plenty of natural light with its large side windows. There is ample storage to port and starboard. The VIP Cabin is located midship and can also function as a master cabin with its wide bedding and storage capabilities. The exterior and helm are loaded with too many features to list here but one thing that deserves honorable mention is the dual drop-downside decks which add lots of additional exterior deck space for lounging. With a LOA of 38 feet and a Beam of 11 feet 8 inches this versatile day boat has plenty of space for a family day or weekend boating vacation.

Will be on display at the Palm Beach International Boat Show March 21st to 24th 2024 on Ramp 7 at the InterMarine Booth

Basic Information
