SPECIFICATIONS

Overview

Beautiful classic vintage boat from 1975 rigged in Ketch, 46 feet (14.26 m), unique model born in the Stizi-Toulon-France shipyards, model Altair, designed and engineered by a Naval Engineer from shipyard itself.

Ocean-going boat built in mahogany planking crossed on oak frames with three layers of epoxy on the sides.

Charming and romantic like a French bistro, internally we find original and intact materials such as mahogany, cork and copper.

She is a reliable boat that has already crossed the ocean and the entire Mediterranean several times in total safety due to her structural and technical characteristics.

Very comfortable boat with a nice livable square both in terms of height and width (DINETTE) with kitchenette.

She is also very comfortable when sailing thanks to the not too high ratio between displacement and ballast and her generous width.

Boat in perfect order ready to sail as can be seen from the NAVAL SURVEY realized in June 2022.

Basic Information

Category: Cruising Sailboat

Model Year: 1975

Year Built: 1975
