SPECIFICATIONS

Overview

OLYMPUS is in many ways, the archetypal Feadship. She has the superior build quality and technical capabilities to take her all over the world. The sleek, well-designed exterior to turn heads in any port. And the space and versatility to accommodate any kind of group in absolute luxury. She was, after all, designed for royalty. Launched in 1996, she presents in absolutely pristine condition, thanks to the meticulous care of her current owner and crew, who have lovingly maintained her – with no expenses spared - every Spring and Autumn since 2000. She represents a fantastic opportunity to acquire an exceptionally well-maintained Feadship with a rich character and history. Capable of accommodating up to 16 guests across 8 generously sized cabins, she delivers both comfort and luxury within each of the guest cabins and staterooms. Guest accommodation has been carefully considered, with cabins available in different sizes, from single cabins to a grand VIP stateroom, a unique feature of hers. The Master Suite includes a private lounge and office, an exercise room, a dining room and a lounge. Located on the bridge deck, the VIP suite was originally designed to accommodate the Sultan of Brunei, who never came onboard and was therefore never used until 2000. The port and starboard side double cabins have en suites with bath and shower along with his and her sinks. Can also be converted to a twin cabin, if required. Port and starboard side twin cabins have en suites with bath and shower. Port & starboard single cabins have en suites along with charming desk areas. Her spacious interior, designed by London's Winch Design, is splendidly classic with soothing light natural woods complemented by gold detailing along with cream and beige soft furnishings. On the main deck, the voluminous main salon and dining area, office and exercise room sit adjacent to the spectacular owner's stateroom, with its private forward lounge, walk-in wardrobe and spectacular bathroom, and can be used as an unofficial owner's deck if required. An ornate guest elevator and central staircase leads to the bridge deck, where a similarly sized – and equally luxurious – VIP stateroom can be found, along with a second salon with grand piano. The well-thought-out layout includes separate entrances and staircases for crew throughout the yacht to ensure discreet service. Entertaining on a yacht has never been so easy thanks to the variety of outdoor areas she boasts. The sun deck is the outdoor area of choice, with a Jacuzzi perfectly placed near the incredibly ornate bar along with four other seating areas for soaking up the sun. Other outdoor areas include the bridge deck aft and main deck aft, both ideal for sundowners with friends or quiet family meals. Under the direction of diligent owners, she has been impeccably and regularly maintained by the crew. With routine maintenance being consistently carried out every Spring and Autumn since 2000. She completed a significant yard period / refit at Monaco Marine in La Ciotat 2023.
