SPECIFICATIONS

Overview

The boat was built by CRN in 1996, while her classic Italian-styled exterior is the work of exterior designer Paolo Scanu. The yacht was built in steel and aluminum and MCA compliant. In 2015, the motor yacht completed a comprehensive two-year rebuild, which included teak decking, technical spaces, a full repaint of the exterior and more.

This rebuild won her judges' commendation for achievement in the Rebuilt Yacht category at the 2016 World Superyacht Awards.

She has expansive outdoor living spaces with options for sun or shade. The yacht's sundeck features a Jacuzzi, sunpads, lounge seating and a bar — making it the perfect place to spend days enjoying the views and unwinding.

On the main deck aft, is a lovely space for alfresco dining.

Basic Information
