This popular two cabin sedan layout with the flybridge and Europa styling is a relatively rarer and sought-after model. With twin Ford-Lehman diesels and built-in rolling chock stabilizers this will be a very stable, comfortable cruiser. The washer and dryer and cabin heating system contribute to live aboard comfort. The fact that the teak planking of the original decking has been recently removed and a fiberglass top deck material has been added will be of interest to those seeking a lower maintenance boat.
