SPECIFICATIONS

Overview

SYNERGY is a 2009 Sabre 386 sailboat currently available for sale in Essex, Connecticut. Sabre Yachts worked together with renowned designer Jim Taylor to launch the Sabre 386 in 2004, earning awards for “Boat of the Year” by Cruising World Magazine in 2005. She embodies all one could hope for in a performance cruising yacht – exceptional handling and boat speed; functional and comfortable design details above and below deck; and a level of quality Maine craftsmanship and attention to detail unmatched by other production builders.

This sailboat is currently owned by the original owner who ordered the boat built in 2009 with numerous beyond standard options, including bow thruster, two zone AC/Heater within the cabin layout with separate zone controls, dinghy davits, Dodger and Bimini, and Asymmetric Spinnaker sail with Main sail and roller reefing Genoa sail. This is a rare offering and the only one available in the Northeast at this time. Call today for more information and to make an appointment to view her in person
