SPECIFICATIONS

Overview

Our patented new multihull Lazzara Catamarans design platform creates more square footage in 85 feet than what is typically found on a 130-foot monohull yacht. The lower deck is designed to take advantage of the full beam of the yacht, ensuring that your master suite and guest staterooms are among the most spacious of any in its class. The Lazzara Catamarans design is both more efficient to operate and more modest in purchase price than comparable yachts. It permits owners to spend more time on board with family, friends, or simply their own thoughts. Additional time and space that invite you to enjoy every moment on board will prove that a Lazzara Catamaran delivers the freedom to live the yachting lifestyle of your dreams.
