SPECIFICATIONS

Overview

EVO R+ 58 ft Sporty yet functional, the Evo R+ features an enclosed deck and an innovative aft platform, making it ideal for long stays on board in total comfort. Thrill Seeker The black, angular aluminium top, in keeping with the typical Evo Yachts style, emphasises the appeal of the sporty profile. Flair Extraordinaire The cockpit with its sharp lines is completely surrounded by windows: bright and refined, like the entire main deck, it offers a 360-degree panoramic view, with openings inviting natural ventilation. An aura all her own deep comfort The interiors are furnished with sophisticated materials that emphasise the search for the perfect balance between dynamic appearance and comfort on board. Warm fabrics, such as alcantara, have been chosen, and the palette is based on a harmony of three colours and materials: white, teak and carbon. The forget carbon, then, was chosen to further emphasise the sporty feel of these surroundings. A simple touch and 30 seconds are what it takes to open the hydraulic XTensions bulwarks and turn the beach area into a 270 square feet terrace. It becomes a lounge, a sundeck, open space for parties. Anyway, you won't get unnoticed. The sundeck can accommodate a Transformer platform which rotates by 270° to support boarding and disembarking, diving, or staying even closer to the water.
