## Overview

**COMING SOON! CALL TODAY FOR DETAILS.**

PHOENIX is a beautiful and well maintained and highly updated version of this classic beautiful daysailer/cruiser from Pearson Composites. The Alerion Express has a huge cockpit designed for the helmsman to manage all the sail controls with electric winches without bothering the guests.

The traditional shear and cabin and varnished deck features are mounted on a hull with a thoroughly modern underbody. It's performance made simple - especially with her in-boom Leisurefurl main and self-tacking roller furling jib. This boat is perfect for evening cocktails but is also a boat you can race with success around the buoys.

Some of the more recent upgrades include:

\* Leisurefurl in-boom main sail system \* Electric winches and hand and foot controls \* New sails (2019) \* new electronics/autopilot/stereo (2019) \* Inverter \* new cushions inside and outside \* mast repainted \* exterior brightwork done (2021) \* fresh water pressurize washdown \* fuel and water tanks cleaned (2021) \* new dodger integrated into cockpit cover (2022) \* custom Fairclough canvas winter storage cover (2021) \* new head installed (2023) \* two new 4-D 200 ah AGM batteries (2023) and exterior varnish and new Rod Rigging (2024)

Most photos taken in Fall of 2022 - still completely reflective of how the boat shows today. Call today for more information and to make an appointment .
