SPECIFICATIONS

Overview

FAR OUT is the seventh in the series of Farr 72s built by Southern Wind Shipyard.

Unlike previous versions, which had a single cockpit, she introduced the double cockpit deck layout, setting a trend that would later be found on the shipyard's larger models.

A double cockpit and double entrance layout separate the guest area from the manoeuvring cockpit, from which there is also access to the navigation station and crew quarters.

This maximises practicality during navigation and ensures privacy on board.

Basic Information

Category: Cruising Sailboat
